Monroe County Department of Public Health Warns of Potential Exposure to COVID-19 at Minq Lounge

The Monroe County Department of Public Health is alerting individuals who attended the “All Black Attire” event late Thursday night, Oct. 14 at Minq Lounge, 398 W. Main St. in Rochester, of a possible exposure to COVID-19.

At least one individual in attendance from 12 a.m. until 2 a.m. (Friday) has tested positive for COVID-19 and others may have come into close contact with that individual.

Attendees experiencing COVID-like symptoms, regardless of vaccination status, and all unvaccinated attendees should immediately self-quarantine and contact MCDPH at (585)753-5555.

Attendees who are fully vaccinated and not currently experiencing COVID-19 symptoms should immediately get tested for COVID-19 and wear a mask in public indoor settings through Sunday, October 24, at minimum. If symptoms develop during this time, immediately self-quarantine and contact MCDPH at (585) 753-5555.

In general, the Monroe County Department of Public Health does not comment on potential or confirmed cases of COVID-19 concerning specific individuals, businesses or institutions unless doing so is necessary to prevent or lessen a serious and imminent threat to public health.
